

Franklin Ramirez Almanzar

Data Analyst & Business Intelligence Professional · Google Certified

Santo Domingo, Dominican Republic | franklinradj@gmail.com | [Linkedin](#) | [Website](#)

PROFESSIONAL SUMMARY

Google-certified Data Analyst & BI Professional with 6+ years of experience across finance, healthcare, telecom, and e-commerce. Designs scalable ETL pipelines, process automation solutions, and interactive dashboards using Python, SQL/PL-SQL, Oracle, Power BI, BigQuery, and DOMO to transform complex datasets into actionable insights that drive strategic decisions and regulatory compliance.

PROFESSIONAL EXPERIENCE

Data Analyst

Feb 2025 – Present

[Superintendence of Banks of the Dominican Republic](#) · Santo Domingo, DR · Hybrid

- Design end-to-end process automation using Python with external API integrations to streamline data workflows and operational tasks.
- Develop and optimize SQL/PL-SQL pipelines managing large-scale datasets through stored procedures, packages, and advanced query tuning.
- Lead ETL processes (ingestion, transformation, validation, loading) into optimized data structures ensuring scalability and efficiency.

Data Engineer

Oct 2024 – Feb 2025

[Claro Dominicana](#) · Santo Domingo, DR · On-site

- Developed BI solutions designing ETL processes with T-SQL, PL/SQL, and Pentaho Data Integration supporting complex report-driven operations.
- Built reports and predictive models to monitor key area metrics, supporting strategic decision-making across multiple management teams.
- Created and maintained a metadata library documenting all datasets, reports, and intelligence assets produced for the organization.

Business Intelligence Analyst

Sep 2023 – Sep 2024

[Colgate-Palmolive](#) · Santo Domingo, DR · Hybrid

- Supported Analytics Plan implementation through ETL processes, data lake construction, and visualization using BigQuery and DOMO.
- Built dashboards and analytics tailored to business needs supporting decision-making and strategic growth scenario planning.
- Analyzed consumption behaviors and category performance to identify opportunities for optimizing marketing investments.

Data Analyst

Oct 2022 – Aug 2023

[Incubeta](#) · Remote

- Built and optimized product feeds for Google Shopping, Facebook, Bing, Amazon, and eBay from large-volume product data sources.
- Implemented SQL queries for data sorting, extraction, and optimization within Feedonomics and Google Suite platforms.
- Configured parent/child product SKU structures and shared identifiers across multiple marketplace channels.

Data Analyst

May 2019 – Sep 2022

[MAPFRE Salud ARS](#) · Santo Domingo, DR · On-site

- Analyzed medical claims data to identify service utilization trends and predict future healthcare costs for strategic planning.
- Developed Power BI dashboards evaluating the financial impact of tariff adjustments between insurer and healthcare providers.
- Monitored healthcare usage patterns to improve operational efficiency and detect anomalies with actuarial and medical teams.

TECHNICAL SKILLS

Languages & Databases: Python (Pandas, NumPy, Plotly), SQL, PL/SQL, T-SQL, Oracle DB, SQL Server, BigQuery

BI & Visualization: Power BI (DAX), DOMO, Looker Studio, Cognos Analytics, Pentaho Data Integration, Tableau

Core Competencies: ETL Design, Data Quality & Anomaly Detection, Process Automation, Predictive Modeling, KPI Monitoring

CERTIFICATIONS

Google Advanced Data Analytics – Coursera Mar 2024

Google Business Intelligence Specialization – Coursera Oct 2023

EDUCATION

Bachelor's Degree in Computer Engineering

2011 – 2015

Universidad Dominicana O&M · Santo Domingo, Dominican Republic

LANGUAGES

Spanish – Native English – Professional
